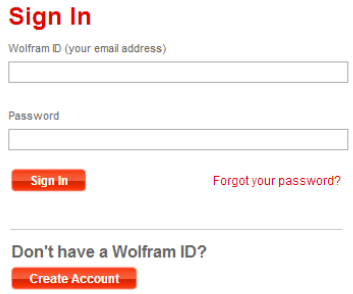
Installing Mathematica for Students

Software Guides

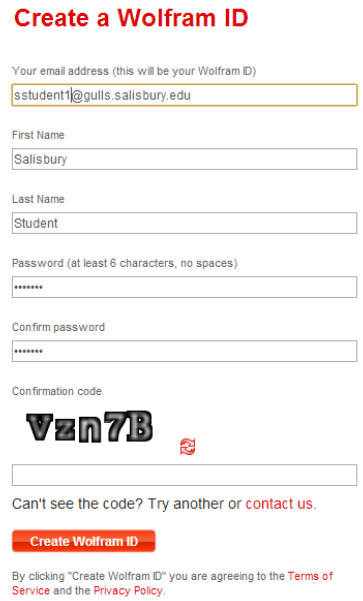
This guide covers downloading and installing Mathematica for Students.

STUDENT ACCESS TO MATHEMATICA

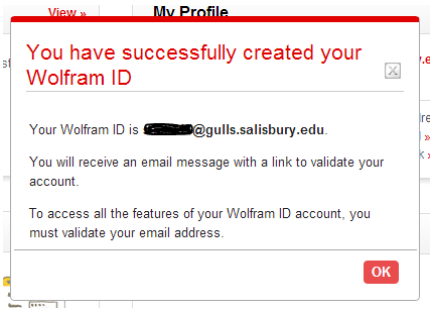
To download and activate your student copy of Mathematica, copy the following link into your browser's address bar and press enter: https://user.wolfram.com/portal/requestAK/2e294a510f09a2f0d0931d385d3525888a236e9a. If you already have a Wolfram account, log in with your student email address (@gulls.salisbury.edu) and password. If not, click **Create Account**.



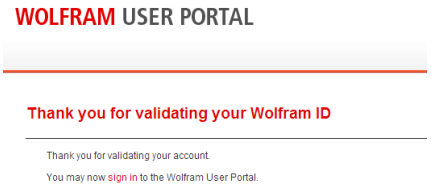
Fill out the form to create a Wolfram ID and then click **Create Wolfram ID**.



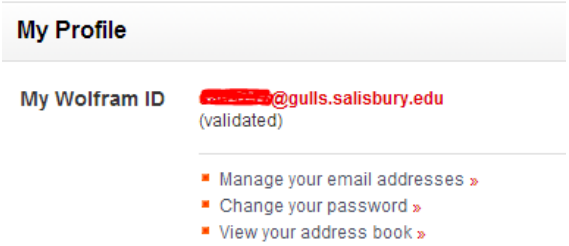
A confirmation window will appear confirming that you've created your account. You will receive a validation email at your student email address. Click **OK** to dismiss that window.



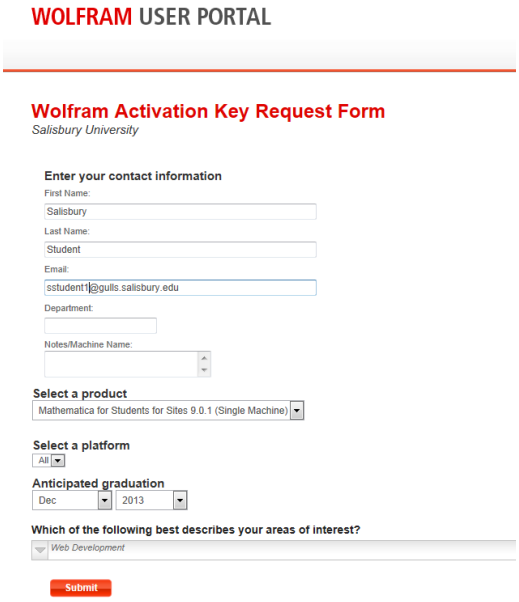
Once you click the link in your email to validate your account, you will be directed to a confirmation screen.



When you sign in, it will now show that your account is validated.

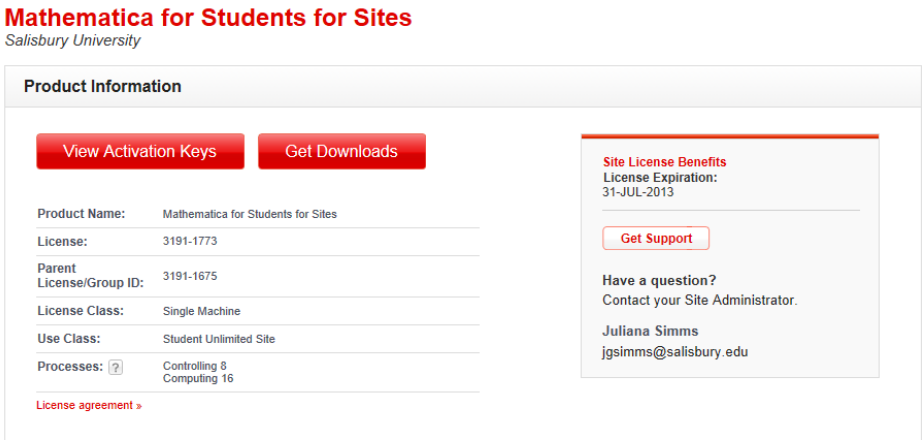


If it doesn't bring you to the Activation Key Request form, make sure that you are logged into your Wolfram User Portal (see above) and then copy https://user.wolfram.com/portal/requestAK/2e294a510f09a2f0d0931d385d3525888a236e9a in your browser's address bar and press **Enter**. Fill out the Wolfram Activation Key Request Form and click **Submit**.

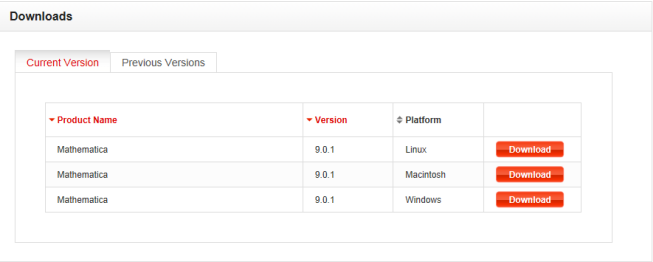


You will get a page that confirms your Activation Key has been created, and has a link to the product summary page. You will also get a copy of the activation key in your email. Copy the activation key and click the **Product Summary Page** link.

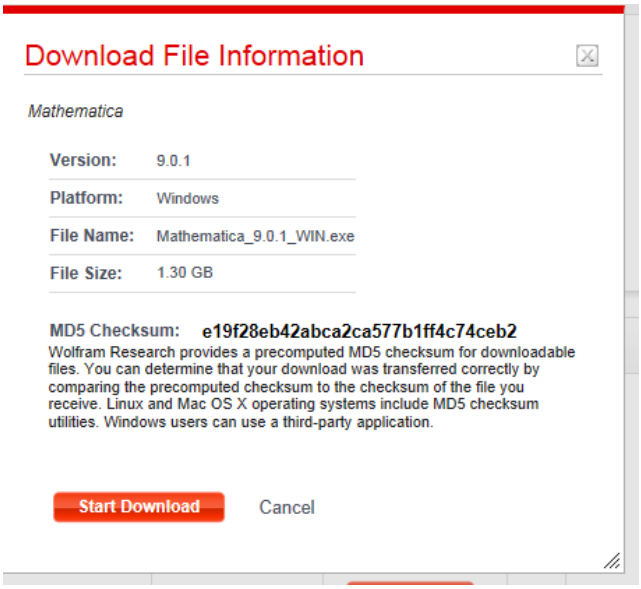
Click **Get Downloads**.



Click **Download** next to the version of Mathematica you want to download and install.



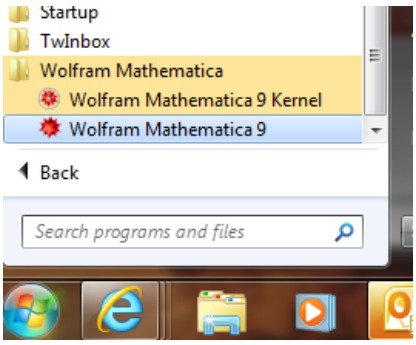
Click Start Download

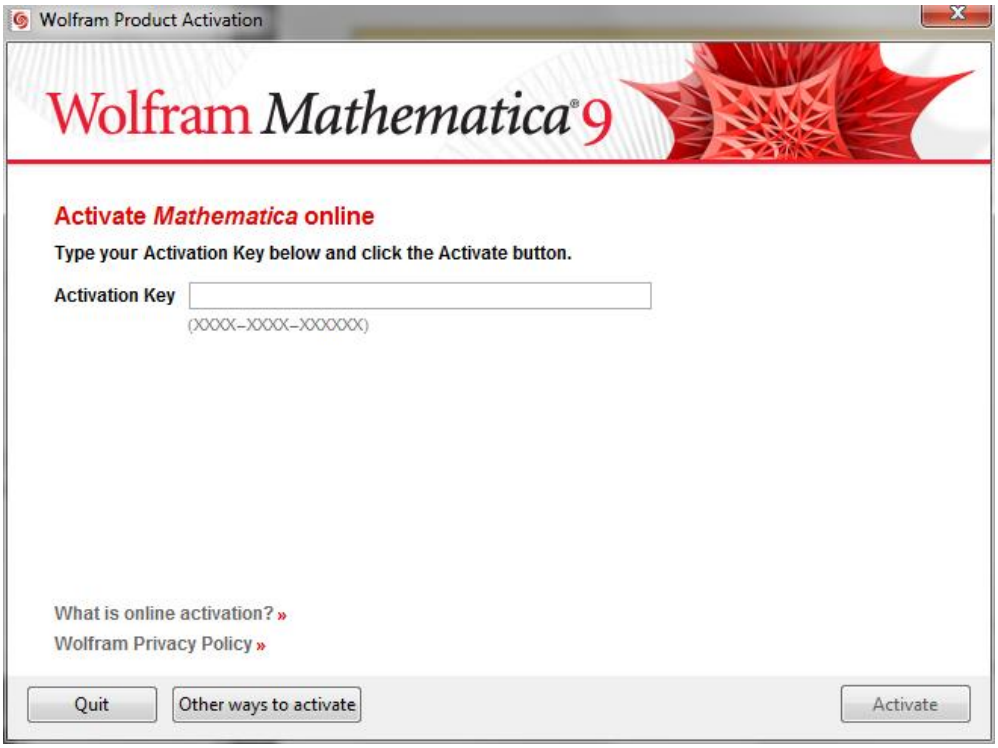


Choose **Save** if prompted. When finished, run the program.

The program will begin to install. Click **OK**, **Next** or **Install** to start the installation process. Click **Finish** when complete.

Click **Start**, then choose **All Programs**. Click the **Wolfram Mathematica** folder to expand it, and then click **Wolfram Mathematica 9** to start the program.





Enter your activation key, when prompted, and click **Activate**.
