PHYS 221	Physics I*	4 credits
PHYS 223	Physics II*	4 credits
POLITICAL SCIENCE		
POSC 110	American National Government	4 credits
PSYCHOLOGY		
PSYC 101	General Psychology*	4 credits

*High school credit awarded

**Instructor permission required

SU courses that align with those currently offered in Wicomico County schools (highlighted above) will be listed on your high school transcript with the earned letter grade, thus contributing to your high school credit count and GPA. Those SU courses that do not match a current high school course will be noted as either pass/fail and will not impact your credit count or GPA. All courses taken for dual-enrollment credit and passed will be awarded college credits at SU and will be eligible for transfer.

SU is an Equal Opportunity/AA/Title IX university and provides reasonable accommodation given sufficient notice to the University office or staff sponsoring the event or program.

2024-2025

DUAL ENROLLMENT PARTNERSHIP

SAVE TIME & MONEY

Wicomico County high school juniors and seniors can enroll in more than 50 courses at SU and earn both high school and college credit – at the same time for free!

Salisbury University & Wicomico County Public Schools

Salisbury UNIVERSITY

Make Tomorrow Yours

WICOMICO COUNTY

PUBLIC SCHOOLS

Why should I consider dual enrollment?

- Earn college credit while earning high school credit!
- Save money! Students can take up to 16 credits a year for free! The tuition and required course materials are paid for by WCPS.
- Level 4, weighted courses look great on your transcript.
- Transfer the credits you've earned to any other university.
- Learn the time-management skills, study skills and discipline you'll need to succeed in college.
- Improve your chance of qualifying for scholarships or awards.
- Free up time in college for you to study abroad or double major.
- Graduate from college early, saving you money and giving you a jump start on your career.

What are the dual enrollment eligibility requirements?

- Full-time junior or senior standing at a Wicomico County public high school
- Have an overall weighted grade point average of at least 2.75
- Prerequisite coursework may be required for some courses

How much does dual enrollment cost?

- All tuition costs and required course materials are absolutely free to students, for 1 or 2 courses per regular semester.
- Students may receive permission from their school principal to take up to 4 courses per semester at no cost. Any additional courses, including summer and winter courses, may be taken at regular in-state tuition rates.

Questions? Contact Shannon James for more information:
smjames@salisbury.edu

Salisbury
UNIVERSITY

How do I apply and register?

Contact your high school guidance counselor for the Wicomico County High School Application for Dual Enrollment (see below).

For submission deadlines, check salisbury.edu/dual-enrollment

The packet includes:

- WCBoE's Dual Enrollment Certification Form (signed by school dual enrollment contact)
- SU's High School Students Application for Concurrent Enrollment Form
- Non-degree Registration Form
- Maryland Residency Form

What classes should I take?

The choice of courses is completely up to you (and your guidance counselor)! But, if you are engaging in dual enrollment to get a jump-start on a particular college major, we have suggestions!

SU has created the **Springboard to Collegiate Success** program. These Springboard pathways are sets of courses particularly designed to lead to certain major areas. They should meet program requirements at most universities, including SU, thus reducing your time to graduation or freeing you up to study abroad, work an internship or conduct research.

We have pathways for students planning to major in the arts, business, education, engineering, nursing and more. Check out our website for more information: salisbury.edu/dual-enrollment
