CHAPTER 2 – AGENCY JURISDICTION AND MUTUAL AID

The Directives in this chapter relate to the department's jurisdiction and the provision and use of mutual aid and regional law enforcement services among agencies through cooperative agreements.

2.1 Agency Jurisdiction and Mutual Aid

2.1.1 Agency's Jurisdiction

The University Police Department shall be responsible for the response to emergency and non-emergency situations, the investigation of all crimes and the enforcement of all applicable laws, statutes and ordinances within the geographical boundaries of Salisbury University's campuses, properties and facilities.

A detailed official map, which designates the boundaries of Salisbury University and its facilities, is maintained in the Communications Center and other locations readily accessible to personnel within the agency. These locations include the Squad Room and offices of Division Commanders.

2.1.2 Concurrent Jurisdiction – Agency Responsibilities

and

2.1.3 Written Agreements for Mutual Aid

Salisbury University and the University Police Department have entered into agreements with local jurisdictions which define the authority of University Police Officers beyond the jurisdiction of University-owned property and facilities where officers have full authority granted under the Maryland Educational Article 13-601.

Salisbury University's President and Chief of Police as well as other representatives of other jurisdictions have entered into the attached Police Mutual Aid Agreement which defines the authority of law enforcement officers if it becomes necessary for officers to extend beyond their current jurisdictions into neighboring jurisdictions within Wicomico County, Maryland.

Salisbury University's President and the Chief of Police have also entered into the attached Memorandum of Understanding with the City of Salisbury and the Salisbury Police Department regarding the obligations of each department outlining primary response obligations in off-campus locations with a high density of the university's student population:

The Salisbury Police Department is and will remain the primary law enforcement agency responsible for providing public safety to various student housing areas and roadways surrounding the university. University Police may patrol the following areas: University Park, University Village, Cedar Crossing, Seasons at Salisbury University, Varsity Lane Townhouses, Seagull Village, and University Townhouses. In addition, University Police may patrol the following roadways surrounding the campus: Onley Road, Wayne Street, Bateman Street, Power Street, Milford Street and Avery Street.

University Police may exercise full police authority when patrolling the aforementioned housing areas and roadways whenever they witness a crime or in an emergency situation, and in all cases where they may be acting within the scope of their employment outside the normal jurisdictional limits.

University police officers shall immediately notify the Salisbury Police Department in every instance where police enforcement action is taken at any of the aforementioned areas (pursuit, arrest, etc.).

University Police will not dispatch officers to these areas if a call for service is received by dispatch personnel. The call will be directed to the Salisbury Police Department. University police officers may receive requests from the Salisbury Police Department for back-up, but may only provide such back-up as availability permits. Serious life-threatening events in which back-up is requested must be given a higher degree of consideration than calls that are non-life threatening. All of the below listed crimes will be immediately turned over to the Salisbury Police Department for investigation:

*Homicide
Forcible Rape
Robbery
Aggravated Assault
Burglary
Theft Over \$500*

*Motor Vehicle Theft
Arson
All Deaths
Suspected Child Abuse
All Other Crimes Deemed Necessary*

The Squad Supervisor or the OIC will determine the availability of University Police to respond to routine calls for back-up. In the event that the either Division Commander is on duty, the management of resources pursuant to the MOU will then become their responsibility. Primary consideration should be given to the number of officers patrolling the main campus and how devoting resources off campus will impact on-campus safety. University Police is under NO obligation to respond if not available. University Police dispatch will NOT devote resources to the areas off campus without the approval of the aforementioned approval authorities.

It is expected that all University police officers who interact with Salisbury Police officers conduct themselves with the highest degree of professionalism. Differences in interpretation of the MOU or disputes concerning any aspect of the MOU should first be mediated by the OIC or supervisor on duty. If diplomacy fails, the on-call Commander will be notified immediately and will resolve the issue. The Chief of Police will also be advised of any disputes or abuses concerning activities stemming from the MOU.

Patrol checks in the aforementioned areas will be made based upon officer availability. On campus issues will take precedence over this requirement. However, a good faith effort to conduct patrol checks is expected. A patrol check card will be prepared in every instance when checks are conducted. All other reporting policies will be followed when police or enforcement action is taken. Each patrol vehicle is equipped with a map outlining the affected areas.

Documentation and notification to the Chief of Police is paramount to the success of this joint venture. The Chiefs of Police of both agencies must address the abuse or misinterpretation of the MOU immediately.

Additionally:

- A. When it becomes necessary for a University Police Officer to take action outside of his/her jurisdiction, the officer will submit a report in writing to the Chief of Police via the chain of command outlining the circumstances upon which his/her action was taken.
 - 1. When an arrest is made by a Salisbury University Police Department (SUPD) Officer in the jurisdiction of the City of Salisbury or Wicomico County, the SUPD officer will complete all of the required charging documents and associated paperwork.
 - 2. The officer will notify the proper agency where the arrest was made to ensure that they are aware arrest and to ascertain if the agency wants to assist in the investigation.

- B. Officers will not initiate investigations outside the jurisdiction of the University and its property or facilities.
- C. Officers will not initiate traffic investigations outside of the University's property and facilities unless the investigation began in or on such locations. SUPD officers are authorized to patrol the roadways surrounding the university. As such, if a traffic accident occurs in the presence of the officer, or if he observes a flagrant violation, he will take appropriate action. Other than minor traffic offenses, the respective agency where the action (motor vehicle accident) took place will be notified. Officers will not seek out traffic violators in any area outside the SUPD's jurisdiction.
- D. If it becomes necessary to execute an arrest warrant or search warrant outside the SUPD's jurisdiction relative to a criminal/traffic case that originated on University property, officers will contact the respective agency (MSP, SPD, Sheriff's Office, etc) and request their assistance.
- E. SUPD officers will respond to backup calls from other agencies if SUPD officers are available and able to respond within a reasonable distance outside their jurisdiction. If SUPD officers require assistance from other agencies, a request through the communications center will be made for assistance.
- F. Officers of the Salisbury Police Department, Wicomico County Sheriff's Office or Maryland State Police will have primary authority in their respective jurisdictions and will handle all calls for service accordingly. In accordance with the Memorandum of Understanding between Salisbury University and the Salisbury Police Department, specific crimes that occur at student housing areas off-campus will be handled by the Salisbury Police Department. SUPD officers may assist with these calls for service if requested by the allied agency. In the event SUPD officers witness a felony or misdemeanor crime in progress which occurs off campus in any of the locations outlined in the MOU, SUPD officers will take the appropriate enforcement action. Offenses which are reported to SUPD but which occur within the jurisdiction of the Salisbury Police Department will be referred for investigation to SPD.
- G. Information relative to reports or arrests will be exchanged between the law enforcement agencies when SUPD officers take action outside their jurisdiction or when allied agencies take action concerning University students off-campus. If necessary, meetings will be held with representatives of the University, the SUPD and the City of Salisbury or other allied agencies relevant to the terms of the mutual aid agreement or MOU.
- H. The Squad Supervisor and/or Division Commanders will resolve any differences in the interpretation of either the Mutual Aid Agreement or Memorandum of Understanding. The Chief of Police will be notified of any conflicts regarding interpretation of the MOU.
- I. SUPD exercising their authority outside their jurisdiction in accordance with either of the above listed agreements will establish and maintain radio communication with personnel of outside agencies.
