Equal Opportunity Policy

Salisbury University has a strong institutional commitment to diversity, equal employment opportunities and equal educational opportunities for its faculty, staff, and students. To that end, the University prohibits discrimination on the basis of sex, gender, marital status, pregnancy, race, color, ethnicity, national origin, age, disability, genetic information, religion, sexual orientation, gender identity or expression, veteran status or other legally protected characteristics. The University adheres to the EEO/AA policies set forth by federal and Maryland laws.

SU values diversity among our students, faculty and staff and believes that interactions with those holding various perspectives, backgrounds and beliefs contribute to a well-rounded educational experience and promotes personal and professional development. Therefore, the University is committed to providing qualified individuals access to all academic and employment programs, benefits and activities on the basis of demonstrated ability, performance and merit without regard to personal factors that are irrelevant to the program involved.

The University's equal opportunity policy is essential to its institutional mission and applies to all academic programs administered by the University, its educational policies, admissions policies, scholarship and loan programs, and athletic programs. It applies to all employment decisions, including among others those affecting hiring, promotion, demotion or transfer, recruitment, advertisement of vacancies, layoff and termination, compensation and benefits, and selection for training. Consistent with its obligations under the law, it also extends to the maintenance of affirmative action programs for minorities, women, persons with disabilities and veterans.

SU assigns a high priority to the implementation of its equal opportunity policy, and the University is committed to assuring compliance with all laws prohibiting discrimination in employment and educational programs. The Office of Institutional Equity is responsible for the campus-wide administration and implementation of equal opportunity policies and affirmative action programs. Members of the University community are encouraged to contact the Office of Institutional Equity for questions, complaints or concerns about these matters.

Title IX Statement

It is the policy of SU to comply with Title IX of the Education Amendments of 1972 (Title IX), which protects individuals from discrimination based on sex in any educational program or activity operated by recipients of federal financial assistance. Any form of sex discrimination (which includes acts of sexual harassment, sexual assault and sexual violence) is prohibited by Title IX. Retaliation for asserting claims of sex discrimination is also prohibited under Title IX.

Pursuant to Title IX, "no person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance..." Some of these programs and activities include: admissions, recruitment, financial aid, academic programs, athletics, housing and employment.

As a recipient of federal funds, SU has an obligation to operate in a nondiscriminatory manner. More important is SU's own mandate of equal opportunity, inclusiveness and nondiscrimination in employment and educational opportunities. The Office of Institutional Equity supports Salisbury University in its compliance and enforcement efforts by serving as an integral resource for Title IX issues. The Office of Institutional Equity partners with other SU departments and offices to assist in their Title IX compliance efforts.

The Office of Institutional Equity also provides assistance by serving as an entry point for Title IX complaints of discrimination. The objective of the complaint handling process is to resolve the complaint of discrimination in a fair and appropriate manner, as promptly as possible. Important components of the process include ascertaining the basis for the complaint and identifying strategies or tools for its resolution.

The Associate Vice President of Institutional Equity has been designated as the individual responsible for the campus-wide administration and implementation of SU's Title IX compliance efforts. Complaints or concerns related to Title IX can be directed to the Office of Institutional Equity.
