

Policy on images and profile pictures used for SU systems

Salisbury University prohibits the use of images containing nudity, sexually graphic material, or material that is otherwise deemed inappropriate. SU reserves the right to remove any image deemed inappropriate and reserves the right to remove any profile picture that violates the above policy, and take appropriate actions as outlined by the student code of conduct and/or employee and faculty handbooks.

- Profile pictures must in appropriate attire in a manner conducive to an educational and professional environment.
- Personal pictures should be “headshots” (taken from the shoulders up) and not include other individuals.
- Images and/or backgrounds and foregrounds of profile pictures should be neutral and non-distracting (no symbols, images or clipart that interferes with or disrupts the educational and professional environment).
- Users should be cautious; do not post pictures on the site you are not comfortable having others see or copy.
