### **Shift Your Leadership Approach**

In this article from *Harvard Business Review*, learn how to shift your mindset to a **new leadership approach** that emphasizes "leading through" as opposed to a power-focused leadership model. This new model, "consciously seeks to do good and to make things better; cares for people, helping them thrive; and mobilizes people to solve tough problems." This paradigm "engages middle managers and employees of all levels so that leadership is a collaborative effort which leaves everyone feeling valued, seen, and in turn, more motivated."

 Supplemental Retirement Plans Reminder: Managing your University System of Maryland (USM) supplemental retirement plans will soon be simpler. Beginning December 17, 2024, you'll have access to the Retirement@Work® online retirement plan portal. The new portal brings all of your USM supplemental retirement plan account information together in one place, regardless of investment provider – Fidelity or TIAA. While the new system is being set up, there will be a period of time beginning November 14 and ending December 16 during which you will not be able to make changes to your contribution rate or enroll in the plan. Once the new system is live, you will be able to make changes again. If you have any questions, please contact the Human Resources Office at humanresources@salisbury.edu or 410-543-6035.
